Mochamad Hilmy Febrian 20 years old, a dedicated and enthusiastic web developer. Have a solid foundation in HTML, CSS and JavaScript. With 2 years of experience in this field during college student, successfully created several simple web and application projects. Understand responsive design principles and strive to create seamless experiences across devices and browsers. Have skilled in using modern frameworks and libraries like React, to build dynamic and interactive interfaces. Always try to stay up to date with the latest trends and technologies to further my knowledge of the industry, and excited to help contribute my skills in creating engaging digital experiences.
